What is this book?

If you should decide to buy any of the items from this catalogue who will it support? In 2009 Lewisham Manor will be taking 40 leaders, Network Scouts, & Explorer Scouts from our District, which is in the Bough of Lewisham in London for two weeks to Kenya.

For this to happen we need to raise over £40,000 and the selling of ornaments made in Kenya, will help us to raise the money to go, and help people in Kenya to provide an outlet for their ornaments. After taking into account the shipping of the ornaments all profits will go towards the building of a school together with financial support for the project.

The safe house / school - Street Kids Appeal

“A message from Harambee for Kenya”

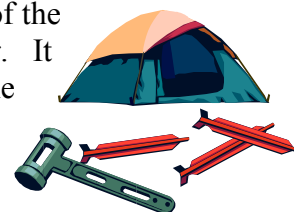

We need to buy the land so that we can build a safe house and a school room for some of the Street Children in Kenya. At the moment we have had sponsors pay for one year's rent on a property as we could not allow the children to remain on the streets in danger for another year. In October 2008 and July 2009 to finish at least one of the buildings.

We have a piece of land we wish to purchase for that project and at the moment it is on hold so that we can raise the funds to buy it. The cost of the land is £3000 and measures approximately 100 metres by 25 metres. It is

a good size plot and is fairly flat which is ideal. There will be room for two buildings and should leave ample space for a workshop to be built at a later date for training the older young people, which we hope may be started or finished by groups in 2009. There will also be room for groups that go to work on the project to camp on the site, which will be great as they will be able to work and live closely with the children. We hope you can appreciate the value of this.

It is good arable land so we will be able to encourage the youngsters to learn how to grow a few crops so that they can help to feed themselves now and when they are older. There may be an opportunity to purchase land adjacent to this plot in the future. Then we can encourage the growing of even more crops which can be used or sold, thus assisting the project to become a little more self sufficient.

We are at a stage now of having to find the money to complete the purchase of the plot as soon as possible so that we can plan the building program for this year. It is very important to us that we can give the 30 children we are caring for at the moment, a safe home to live in. All of them are orphaned and they deserve better than living on the streets being beaten by Police and other gangs of older children. Life on the street is very territorial and dangerous. But we can make a difference to their young lives with the right resources.

Ethical Policy

The products have been obtained through a Ethical Buying Policy, which includes:

- Trading fairly by paying our Crafts People on a piece rate basis.
- Paying a fair price for the crafts we purchase.
- Making payments when we purchase the crafts and not after we have sold them.
- Educating the Craft People on better ways to produce the beautiful crafts e.g. using all raw materials to allow maximum usage.
- Encouraging the use of sustainable raw materials by using waste woods where possible. The use of “good wood” such as Jacaranda is also being promoted and encouraged. Jacaranda grows much faster than the usual hard woods that the crafts people are used to. This requires a different carving technique, which we are encouraging the craft people to learn. At the same time we are still paying the craft people the same amount per item as products made from hard woods such as Mahogany and Yellow Woods.

Due to the handmade nature of our crafts dimensions
Stated are for guidance only.

It is normal for dimensions to vary as the crafts-people try to make the best use of a piece of stone or wood to hand craft an item to the required shape and size with minimal wastage.

Many of the inks and dyes used are from natural resources and will fade over time. This is normal and contributes to the beauty of the artefacts as it ages over time

Care of Stone Artefacts

Spray a non-wax furniture polish onto a new soft cloth.

Never spray the polish directly onto the artefact. Gently rub the artefact with this cloth. Wipe the artefact with a new soft cloth. If you have never cleaned the artefact and are unsure of how to do so please seek the advice of a professional collector or gallery prior to cleaning.

DO NOT PUT WATER OR DETERGENTS ON YOUR ARTICLES

DO NOT LEAVE YOUR ARTICLES IN A HOT AREA OR IN A CONSERVATORY ON A HOT DAY

Care of Wooden Artefacts

Place the artefact in an area which will offer it some humidity. Always use a soft cloth to gently wipe your artefact. A good quality lemon oil may be used to gently rub down your artefact. Always test the lemon oil on an obscure area and observe its effects over a number of days. Only if you are certain that the oil is not damaging the artefact should you use it over the entire artefact.

We will try and fill all order, but some things are in limited supply

Books

LMAB50

Was £4.99 now £3.00

Once bitten, twice smitten the facts Behind the fiction.

LMAB51 Was £6.99 now £5.00

After his uncle dies in an accident, Fourteen-year-old Alex suspects foul play and seeks to solve the mystery of his death, making himself the target of terrorists in the process.

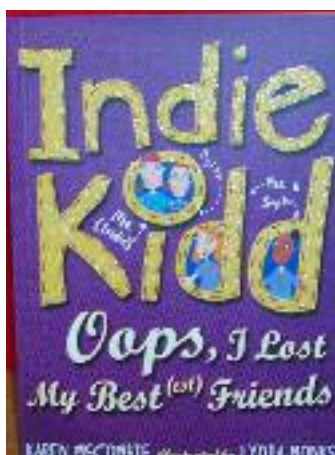

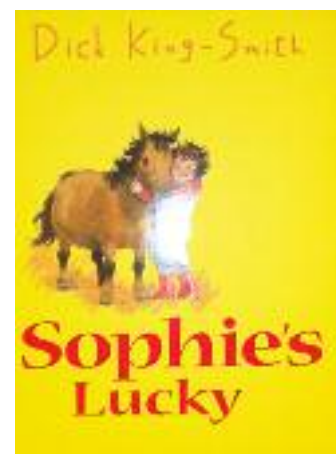

LMAB52

Was £5.99 now £4.00

A stunningly well written novel that is full of poignant observations. A must read." *Teaching & Learning*
Absorbing, elegiac and thoughtfully memorable .. likely to appeal as much to adults as to teenagers

LMAB53 Was £4.99 now £3.00

Small, but very determined, Sophie loves animals and is going to be a farmer when she grows up. Sophie would love to have a pony, but she doesn't think she'll ever be that lucky. She does get a lucky break, though, when Great Aunt Al invites her to Scotland!

LMAB54

Was £4.99 now £3.00

Second book in the new Indie Kidd series about the world of this hugely likeable ten-year-old.
